Legion Makes Appeal.

Kansas City, Mo., July 27.—Appalled and somewhat dazed by the attitude of the national congress in failing to provide a bonus for those who served in the late war, 138,000 former soldiers of Missouri are looking eagerly toward August 2nd to see if the voters of Missouri will show a spirit of gratitude by voting "Yes" for the proposition to award an adjusted compensation of ten dollars per month for each month of service.

Every nation which participated in the war—even beaten and bankrupt Germany—has given bonuses to her ex-soldiers—that is, every nation except America.

France, England, Italy, Canada, and other nations which owe America sums running into the billions, and which have not even paid the interest on that borrowed money, have paid bonuses to their soldiers far in excess of that proposed in America.

If these foreign nations would pay the interest due, that alone would have paid the full cash bonus proposed for the American soldiers.

The proposition which confronts Missourians on August 2nd is an amendment to article four of the constitution. It authorizes the state legislature to issue bonds not to exceed \$15,000,000, at not to exceed five per cent interest, to be retired in 20 years, the funds to be used in paying to each soldier, who was a resident of Missouri for one year prior to entrance in service, a bonus of ten dollars for each month of his service, no one person to be paid for more than twenty five months.

There are thousands of ex-service men with families, who need this bonus. Show your gratitude by voting "Yes" on the amendment.

Lest We Forget—

"He profits most who serves best."

Any business, to survive, must serve. Lots of picture shows close throughout the summer months. We challenge hot weather and all adverse business conditions—the very toughest of times—to keep us from attaining the success we are here to make.

How can we do this? We AKE doing it—simply because the public "must have" and "will have" a certain amount of pleasure.

Old man "Gloom" disappears when you rest the brain with some clean pleasure and recreation. We have the theatre full of electric fans, and besides, the nights are beginning to be cooler.

The underlying causes of the success or failure of any business must be sought in the degree which it serves. Hence, we credit our success to the service we are giving.

Paramount pictures on Saturday, and Associated First National pictures on Thursday nights, constitute the best and cleanest obtainable in motion pictures. We don't ask you to take our word for it, but want you to ask the regular patrons of the Nugget Theatre; or, to make it a little stronger, come and see for yourself.

Below is a list of the programs to be shown at the Nugget in the near future. They will bear inspection. No picture show theatre in this neck of the woods, including Springfield, can beat it.

Wallace Reid in "Valley of the Giants."

Robt. Warwick in "Told in the Hills."

Chas. Ray in "The Egg-Crate Wallop."

Bryant Washburn in "Six Best Cellars" (temperance picture).

Dorothy Gish in "Turning the Tables."

Constance Talmadge in "A Temperamental Wife."

Norma Talmadge in "A Daughter of Two Worlds."

Clara Kimball Young in "Hush."

"The Jack Knife Man."

Mildred Harris Chaplin in "The Inferior Sex."

Katherine McDonald in "The Thunderbolt."

Clara Kimball Young in "Straight from Paris."

Norma Talmadge in "The Woman Gives."

Lionel Barrymore in "The Master Mind."

Constance Talmadge in "In Search of a Sinner."

"The Beauty Market," "In Old Kentucky," "Huckleberry Finn."

Patronize home entertainments and be highly entertained; make it possible for us to continue to furnish the "best." Consider these facts. We have had a good many paths to our door; we want more.

The Nugget Theatre strives to please.

MOVING TOWARD THE BIG FAIR AND STOCK SHOW

Last Monday night, by special arrangement, the Mansfield Chamber of Commerce and some other of the Mansfield citizens met in the I. O. O. F. hall, and put in motion the necessary machinery for carrying on the big Centennial Celebration of the Wright County Agricultural Fair and Stock Show of Mansfield, Missouri, which is scheduled this year for Sept. 28th, 29th, 30th, and Oct. 1st.

In the absence of both the president and vice-president of the Chamber of Commerce, A. J. Clark acted as chairman of the meeting, Oliver B. Davis, secretary, being present.

On a motion, duly made, the house resolved itself into a Fair meeting, and the following officers were elected to serve for the ensuing year: A. J. Clark, president; Amos Roy and J. E. Craig, vice presidents; W. A. Black, secretary; Oscar Coday, treasurer.

These officers are to act as an executive committee for the fair and big celebration, to appoint the various committees, and otherwise carry on the work.

After some discussion, it was decided to attempt to raise sufficient funds to secure grounds and erect buildings for a permanent fair association, and the following committee to look into this matter was created: Joe H. Dennis, Mrs. M. M. Wilson, H. M. Norcross, Frank Broyles and J. W. Brentlinger.

By appointment the executive board met in the Farmers & Merchants Bank Tuesday night and appointed a part of the committees as follows:

Committee on Finance—A. J. Clark, C. A. Stephens, C. C. Newton, L. A. Johnson and L. F. Livingston.

Committee on Advertising—Oliver B. Davis, W. A. Black, J. E. Craig, W. M. Divan and Roy R. Dennis.

Committee on Concessions—P. H. Riley, E. O. Skelton and M. B. Alcorn.

These committees will work under the direction of the executive board.

It is planned this year to give special attention to farm exhibits and stock, and to put on a good display. It is also planned that the executive board shall pass a censorship on the concessions rights, and that only straight and moral shows will be permitted to operate.

Get ready for the big Centennial Celebration, put on some good exhibits, and let's make this one a real County Fair of farm produce and stock.

"JUST" Drugs

Our drugs are JUST drugs in the sense that they are right in purity and potency and just in their ability to treat sickness. They are not "just" drugs in the sense that they are merely drugs, but are the acme of perfection in drug quality always. Remember this when you have a prescription to fill or when simple drug requirements come in demand, because no matter how simple an ailment may be the drugs for relief must be essentially correct.
